## PORTFOLIO

### Bush Brothers & Company Dandridge, TN

Bush Brothers & Company first opened up as a tomato cannery in 1908. Almost a century later, the company, well known for Bush's Baked Beans, completed construction of a new factory in Dandridge, TN.

#### Project Design Brief

Hygiene regulations require that all floors be washed on a regular basis. 8" Aquaduct trench drains, which are chemically resistant, were installed to collect and drain cleaning agents in order to meet the USDA regulation.

#### Benefits

- Load Class E stainless steel bar grates were used in the plant areas to withstand forklift traffic.
- For pedestrian areas Load Class C grates were used.
