

ACO. creating
the future of drainage

PORTFOLIO

Bush Brothers & Company Dandridge, TN

Bush Brothers & Company first opened up as a tomato cannery in 1908. Almost a century later, Bush Brothers & Company, most well known for Bush's Baked Beans, completed construction of a new factory in Dandridge, TN.

Project Design Brief

Hygiene regulations require all floors be washed down regularly. To meet USDA regulations, chemically resistant trench drains were installed to collect and drain away cleaning agents. To meet this requirement Aquaduct 8" trench drains with October 2005 Bush Brothers & Company Dandridge, TN chemically resistant vinyl ester body and stainless steel frames were used.

Benefits

- Load Class E stainless steel bar grates were used in the plant areas to withstand forklift traffic.
- For pedestrian areas Load Class C grates were used.
