ACO Drain Systems
2022 Price List

System pricing per foot is for guidance only. It is intended to give a quick reference price for comparison. Prices are in US Dollar and rounded to the nearest cent.

Price Assumptions:

- Channels - Prices are based upon using one-meter channels for polymer concrete systems.
- Grates - Grates are priced at their longest available length; i.e., if a grate is available in both 1 m and 0.5 m lengths, prices shown are based on the 1 m length.
- Lockings - All system prices include locking bars where available.
- Fabrications - Priced separately; refer to Fabrication Pricing for details.
