

ACO. creating
the future of drainage

PORTFOLIO

Cal Poly Santa Maria, CA

Halfway between Los Angeles and San Francisco with beaches in two directions, sits California Polytechnic State University, San Luis Obispo. With over 43,000 residents, the city and area is one of the most popular vacation spots.

Project Design Brief

357 feet of KlassikDrain K100 were used to help with drainage.

Benefits

- ACO KlassikDrain K100 and stainless steel Type 447D grates compliment the white granite. The grates provide Load Class B strength which is up to 28,101 lbs or 967 psi.
- The ADA compliant grates withstand traffic while remaining safe for pedestrians in wheelchairs or high heels.
