

# ACO DRAIN

## One Wachovia Center Charlotte, NC

### ACO PORTFOLIO

**Product:**

***H80KS ADA Stainless Steel Grates***

One Wachovia Center is located in the heart of downtown Charlotte and is the headquarters for Wells Fargo subsidiary, Wachovia Bank. The plaza has been completely renovated and a trench drain system was required that could remove rainwater from the pedestrian area and fit into an existing shallow recess.

ACO's H80KS SlabDrain with stainless steel grates was selected because its shallow invert fitted into the existing elevated slab. The trench drain with stainless steel edge railing and ADA stainless steel grates provided superior aesthetics and added to the overall look of the plaza.
