

# ACO KlassikDrain

## Amber Cove Cruise Terminal Puerta Plata, Dominican Republic

### PROJECT PORTFOLIO

*Product:* K200 w/678Q 1,100 ft ; K300 w/878Q 295 ft ; ductile iron grates  
*Contractor:* Ave Gustavo Mejia Ricart No 11 - Santo Domi

When Carnival Cruise Lines needed a drainage solution for outside of the Amber Cove Cruise Terminal in the Dominican Republic, they installed the ACO KlassikDrain K200 and K300 with ADA Ductile grates. These grates can hold up to load class E and provides both an aesthetic and functional solution.
