

ACO. creating
the future of drainage

PORTFOLIO

Sam's Club
Richmond, VA

Sam's Club is a membership-only retail warehouse club owned and run by Walmart Inc. It was founded in 1983 and is named after Walmart owner Sam Walton. In the United States, Sam's Club runs 600 membership warehouse clubs in 44 states.

Project Design Brief

For this project, the previous competitor product was removed due to the inefficiency of the product's function as a result of damage. The project's solution is to replace all existing products with ACO PowerDrain S100K. The installation was constructed in two stages to minimize inconvenience to the area while remaining operational.

Benefits

- SK1 longitudinal ductile iron grates can withstand the constant movement from vehicle traffic.
