

ACO. creating
the future of drainage

PORTFOLIO

The Shops at Perry Crossing Plainfield, IN

Premier Properties, a property management company, wanted a trench drain system that was both attractive and functional, to use outside The Shops at Perry Crossing. The mall is an upscale shopping center featuring 900,000ft² of shopping, food and entertainment, aimed at providing a relaxing and pleasant atmosphere.

Project Design Brief

Over 1400' of KS100 is used throughout the complex. KlassikDrain KS100 with Type 479Q ductile iron mosaic grates were used for aesthetic purposes and pedestrian safety. The grates can withstand light and medium vehicular traffic.

Benefits

- The ductile iron grate offers medium to heavy load resistance to traffic. This system is EN 1433 approved up to Load Class C, 56,202lbs.
