Brickslot with K100S channel
TKSC, Irvine, CA
Wallis Tile, Huntington Beach, CA

The Resort at Pelican Hill is a new luxurious resort built alongside two of the best golf courses on the coastline of Orange Country, CA.

Each suite offers an outdoor patio or balcony and a discreet trench drain was needed to remove surface water. Aesthetically, the product needed to work well with brick pavers. ACO Brickslot was able to fulfill both requirements.

Brickslot is a discreet trench drain specifically designed for brick and stone pavers. The 3/8" flared slot not only blends in with the paving joint, but also prevents debris from being trapped and blocking the opening.

Brickslot was used to fulfill many of the facilities drainage needs including the pool area, showers, and locker rooms.
