

ACO. creating  
the future of drainage

## PORTFOLIO

### The Resort at Pelican Hill Orange County, CA

The Resort at Pelican Hill is a luxurious resort built alongside two of the best golf courses on the coastline of Orange County, CA.

#### Project Design Brief

Each suite offers an outdoor patio or balcony and a discreet trench drain was needed to remove surface water. Aesthetically the product needed to work well with brick pavers.

#### Benefits

- Access for maintenance is via removable access trays filled with the same pavers, continuing the discreet and aesthetic look.
- Brickslot is a discreet trench drain specifically designed for use with brick and stone pavers.
- Brickslot's 3/8" flared slot blends in with the paving joint and prevents debris from being trapped and blocking the opening.
