we care for water

PORTFOLIO

Thomas R. Grover Middle School West Windsor, NJ

The property is comprised of a middle school campus known as the Thomas R. Grover Middle School, which is one of two middle schools in West Windsor Township assigned to grades 6, 7 and 8. The existing site is comprised of entirely previously disturbed areas, which include buildings, parking lots, and outside play areas. The existing school building is approximately 3.5 acres in area and footprint size.

Project Design Brief

ACO StormBrixx® SD was specified to address the estimated rise in rainwater pooling in the interior courtyard from the roof of the building's northern end. A total of 2,859 square feet of StormBrixx® SD modules were put beneath an open grassed area alongside a walkway between the building and the school's access road.

Benefits

- StormBrixx® SD system is lightweight and easy to assemble, cutting installation time and cost down.
