PORTFOLIO

Tooele Police Station Tooele, UT

The Tooele Police Department, established in 1935, is the principal law enforcement agency serving the city of Tooele, Utah. The department is comprised of several divisions – Criminal Investigations, Operations, and Support Services.

Project Design Brief

ACO StormBrixx® SD retention/detention system was specified for the Tooele Police Station renovation project due to its 97% storage efficiency. Two layers of ACO StormBrixx® SD modules with two access plates were installed on both systems to ensure ease of access and help simplify the routine maintenance procedures. ACO StormBrixx® SD provided a total of 5,000 cu. ft. of storage in two separate tanks, both systems were installed in a day and a half preventing any delays within the active police station.

Benefits

- The open structure of ACO StormBrixx® SD significantly reduces the number of access shafts compared to other systems.
