Residential & Landscape Products

PointDrains are ideal drainage solutions for small scale applications where problems with complex ground slopes are not an issue. Choose from polymer concrete or black propylene plastic bodies and a variety of grate options.

Suitable for pedestrian/light vehicle traffic applications such as:

- Gardens
- Patios
- Walkways
- Driveways

Installation Instructions

1 Dig hole to fit PointDrain and necessary pipe-work.

2 Drill out/cutout holes for pipe connection.

3 Position PointDrain on a 4" thick concrete slurry bed and ensure it is level.

4 Connect drainage pipe, check for leaks before backfilling.

5 Add riser (if required) and connect inlet pipe (if required). Surround PointDrain with good quality concrete. Finish with surfacing material.

6 Ensure finished surface is 1/8" higher than the grate to assist water drainage.
